

Expose Backlit Film Matte 205µ B1

Expose Backlit Film Matte 205µ B1 is a bright, white backlit film based on a durable and dimensionally stable polyester film. The matte water-resistant imaging layer offers a high contrast and consistent image quality, both in lights or off situations, making it the best choice for high volume productions.

Compatibility overview

Compatible with (Eco)Solvent, Latex*, and UV-cure inks.

Water based

(Eco) solvent

Latex

UV-cure

**Best performance with 3rd generation HP Latex printers*

Physical characteristics

- Base material: Polyester
- Surface: Matte
- Weight: 280g/m²
- Thickness: 205µ

Product code	Product size	Core diameter
813518-1067	1067mm x 30m	3 inch
813518-1372	1372mm x 30m	3 inch
813518-1524	1524mm x 30m	3 inch

Custom sizes are available with minimum order quantities required

Features

- Short dry-time
- Complies with DIN4201-1 / B1 standards
- Scratch resistant
- Front print - front view
- Recyclable
- Water resistant
- Cold laminates recommended
- Anti-glare surface

Applications

- High quality promotional indoor & outdoor backlit signage
- Tradeshow graphics
- Kiosks

Shelf life and environment aspects

The shelf life of this media is 1 year under normal conditions (10°C – 35°C at a relative humidity 30% - 75%). Higher humidity and/or temperature can affect the product performance. Always store the media in a dark place in its original packaging.
