

### Product description

DM Ferro PET Film 180 $\mu$  is an inkjet printable polyester film with a ferrous anti-rust back coating that adheres to magnetic surfaces. Combined with DM Magnetic Base Film 700 $\mu$  it meets the German B1 standard for fire retardancy, making it the ideal choice for changeable graphics in trade shows and other public areas. It is durable, safe and can be used in multiple layers.

### Print compatibility

-  (Eco)Solvent inks
-  Latex inks
-  UV-cure inks
-  Screenprint

### Shelf life and environment aspects

The shelf life of this media is 1 year under normal conditions (10°C – 35°C at a relative humidity 30% - 75%). Higher humidity and/or temperature can affect the product performance. Always store the media in a dark place in its original packaging.

Important:  
Before using the media the user must examine the suitability of the media for each application. We shall not assume liability for non-performance of the media. Specifications are subject to change without notice.

### Physical characteristics

Surface: Satin

Print side: White polyester  
Reverse side: Ferrous black coating

Thickness: 180  $\mu$   
Weight: 360 g/m<sup>2</sup>

### Features

Flexible polyester base  
Adheres to magnetic surfaces  
PVC-free  
Anti-rust  
Easy to install and remove  
Reduces the life-cycle cost for signage

### Applications

Retail advertising  
Trade show graphics  
Interior decoration  
Wall graphics
