

Product description

DM Ferro Canvas 470g is an inkjet printable artistic canvas with a ferrous anti-rust back coating that adheres to magnetic surfaces. It can be easily and quickly installed and meets the demand for changeable graphics.

It has a luxury textile look and feel and can be used in many décor applications.

Print compatibility

-  Aqueous inks
-  (Eco)Solvent inks
-  Latex inks
-  UV-cure inks
-  Screenprint

Shelf life and environment aspects

The shelf life of this media is 1 year under normal conditions (10°C – 35°C at a relative humidity 30% - 75%). Higher humidity and/or temperature can affect the product performance. Always store the media in a dark place in its original packaging.

Important:
Before using the media the user must examine the suitability of the media for each application. We shall not assume liability for non-performance of the media. Specifications are subject to change without notice.
