

Tack Mount Frosted

window films

Product description \

Tack Mount Frosted is a 145 μ polyester film that gives a translucent effect, ideal to create privacy or promotional graphics. It is using an innovative cling technology that does not rely on static, adhesive, or magnetic forces. It adheres easily to many surfaces such as glass, acrylic, stainless steel and other smooth surfaces. The surface just needs to be moistened with water before application. No special skills or tools are required. Upon removal it does not leave any marks or residues and is re-positionable multiple times.

Physical characteristics \

Base material : Polyester
Weight : 185g/m²
Thickness : 145 mic
Peel strength : 2-10 gram

Print compatibility \

Eco-Solvent, Latex, UV-cure

Features \
